Experience

- Proficient in front-end development using HTML, CSS, and JavaScript
- Strong knowledge of back-end development using PHP, Laravel, and MySQL
- Experienced in utilizing jQuery, Tailwind, and Bootstrap for responsive web design
- Familiarity with version control systems such as Git
- Solid understanding of web standards and best practices
- Excellent problem-solving and analytical skills
- Strong attention to detail and ability to meet deadlines
- Constantly updating skills and knowledge through online learning platforms

- Successfully completed a wide range of projects for clients across various industries, including e-commerce, education, healthcare, and more.
- Developed and maintained responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and optimal user experience.
- Collaborated closely with clients to understand their vision and requirements, translating them into functional and visually appealing web solutions.
- Integrated back-end functionality using PHP, Laravel, and MySQL, enabling dynamic and interactive features tailored to clients' needs.
- Implemented jQuery, Tailwind, and Bootstrap to enhance the user interface and ensure intuitive navigation and seamless responsiveness.
- Worked independently and efficiently, managing multiple projects simultaneously and delivering high-quality results within agreed-upon timelines.
- Conducted thorough testing and debugging to identify and resolve issues, ensuring robustness and reliability of the developed websites.
- Actively communicated with clients throughout the development process, providing regular updates and addressing their feedback and suggestions.
- Built a strong reputation for delivering exceptional work and achieving high levels of client satisfaction, resulting in repeat business and referrals.
